About Me

Hello! I'm Hemlata, a web developer specializing in creating dynamic websites for small and medium-sized businesses. I hold a Post Graduate degree in MCA (Master of Computer Applications) from Indira Gandhi National Open University, Delhi, completed in 2024. With over 2.5 years of experience, I excel in designing and developing user interfaces, as well as testing, debugging, and training staff in eCommerce technologies.

My expertise includes crafting consumer-focused websites using HTML, CSS, Bootstrap, JavaScript, PHP, Ajax, WordPress and MySQL. I've developed responsive products for both desktop and mobile users, ensuring top-notch web design, user experience, and adherence to best practices.

Professional Experience

Genoviq web private limited *march 2024*

As a Web Developer

Agreem Technology, Noida *june 2022 - July 2023*

As a Web Designer at Agreem Technology, I had the privilege of contributing to the creation of responsive and visually appealing websites. I leveraged my expertise in HTML, CSS, and JavaScript to build dynamic and engaging web experiences for our clients and their audiences.

Internship at IBM, India *Sep 2021 - Feb 2022*

As a Web Designer intern at IBM, I had the incredible opportunity to collaborate with a dynamic team and contribute to cutting-edge projects within one of the world's leading technology companies. During my internship, I honed my web design skills, gained valuable real-world experience, and made a meaningful impact on various digital initiatives.
